and NSD File No. L-00-72.

Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

The reason I have Tracfone is because of their great rates. I don't ever make long distance calls on my phone so I don't need 3,294 minutes to use for that purpose. I pay an average of \$12 a month for a great phone service and nice phone, and I don't plan on spending any more than I absolutely have to. Adding \$2 to that, which is what Tracfone would be forced to do, would not benefit me in the least, not to mention them!!

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Rachel Skinner
